PROFESSIONAL SUMMARY

Frontend Developer with 5+ years of experience in building scalable and responsive web applications using React.js, Angular, TypeScript, JavaScript, Redux Toolkit, and modern frontend technologies. Experienced in AI-powered platforms, enterprise applications, and B2B e-commerce solutions with expertise in REST API integration, reusable component development, performance optimization, and Agile software development.

TECHNICAL SKILLS

Frontend Technologies: React.js, Next.js, Angular, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Material UI

State Management: Redux Toolkit, Redux, Context API

Backend & API Integration: REST APIs, Spring Boot (API Integration), Python (Basic), Flask (Basic)

Databases: MongoDB, MySQL

Development Tools: Git, GitHub, Jira, Postman, Vite, VS Code, Cursor AI

Development Practices

Responsive Web Design, Cross-Browser Compatibility, Component-Based Architecture, Performance Optimization, Debugging & Troubleshooting, Agile (Scrum)

AI Productivity Tools

ChatGPT, GitHub Copilot, Gemini, DeepSeek, Qwen AI

PROFESSIONAL EXPERIENCE

NIT Solutions Pvt. Ltd.

May 2021 – Present

Frontend Developer

Worked as a Frontend Developer, contributing to enterprise web applications, AI-powered platforms, and multi-module business solutions for clients across different domains. Responsible for designing and developing responsive user interfaces, integrating REST APIs, optimizing application performance, and collaborating with cross-functional teams to deliver scalable, production-ready applications.

CLIENT ENGAGEMENT

Client: Sabio Infotech

Project: TalentFit AI

Role: Frontend Developer

Environment: React.js, TypeScript, Tailwind CSS, Redux Toolkit, Vite, REST APIs, AI Integration

Project Description

TalentFit AI is an AI-powered recruitment and resume analysis platform designed to streamline hiring workflows, candidate evaluation, resume parsing, job matching, document management, and recruitment processes through intelligent automation and modern web technologies.

Roles & Responsibilities

- Developed responsive UI components using React.js, TypeScript, and Tailwind CSS.
- Integrated REST APIs for AI-powered recruitment workflows.
- Managed application state using Redux Toolkit.
- Optimized performance and ensured cross-browser compatibility.
- Collaborated with cross-functional teams.

CLIENT ENGAGEMENT

Client: Sabio Infotech

End Client: SuperTech Consulting Inc.

Project: KHUB

Role: Frontend Developer

Environment: React.js, TypeScript, Redux Toolkit, Material UI, HTML5, CSS3, REST APIs, Git

Project Description

KHUB is an enterprise B2B commerce and Enterprise Content Management (ECM) platform developed for SuperTech Consulting Inc. The platform enables businesses to manage products, inventory, customers, suppliers, orders, pricing, accounting, shipping, and content through multiple integrated business modules. It supports multiple deployment environments to ensure seamless development, testing, and production releases.

Deployment Environments

- Development (DEV)
- Stage
- Pre-Production (PRE-PROD)
- Pilot
- Production (LIVE)

Roles & Responsibilities

- Developed scalable React.js applications using TypeScript.
- Built reusable UI components across multiple business modules.
- Integrated REST APIs and implemented business workflows.
- Collaborated with cross-functional teams to deliver quality solutions.
- Optimized performance and resolved production issues.
- Participated in code reviews and production deployments.

PREVIOUS PROJECTS

Project: The HUB

Role: Frontend Developer

Environment: React.js, Tailwind CSS, Redux, Spring Boot, AWS, MongoDB

Project Description

The HUB is a Canadian brokerage platform designed to streamline online investment and trading operations through dedicated Admin, Broker, and Client portals.

Roles & Responsibilities

- Developed responsive and scalable web applications using React.js.
- Integrated REST APIs and implemented business workflows.
- Managed application state using Redux.
- Collaborated with cross-functional teams to deliver high-quality solutions.
- Optimized application performance and enhanced user experience.

Project: DBOX

Role: Frontend Developer

Environment: Angular, TypeScript, Bootstrap, Spring Boot, MongoDB

Project Description

DBOX is an enterprise ERP platform designed to manage Accounts Payable (AP), Accounts Receivable (AR), Customer, Supplier, Invoice Processing, and Business Process Management (BPM) workflows.

Roles & Responsibilities

- Developed responsive user interfaces using Angular and TypeScript.
- Built reusable components for enterprise business modules.
- Integrated REST APIs with backend services.

- Collaborated with cross-functional teams to deliver new features.
- Optimized application performance and resolved production issues.

Project: HM Shopping

Role: Frontend Developer

Environment: Angular, Ionic, Bootstrap, Laravel API

Project Description

HM Shopping is a multi-vendor e-commerce platform that enables administrators, sellers, and customers to manage products, orders, and online shopping activities.

Roles & Responsibilities

- Developed responsive web and mobile user interfaces using Angular and Ionic.
- Integrated Laravel REST APIs for real-time business operations.
- Implemented product, order, and user management features.
- Fixed bugs and enhanced application performance.

Project: DIVATT

Role: Frontend Developer

Environment: Angular, Ionic, Spring Boot, MongoDB, Bootstrap

Project Description

DIVATT is an online fashion marketplace that enables administrators, sellers, and customers to manage products and online purchases through dedicated business portals.

Roles & Responsibilities

- Developed hybrid web and mobile interfaces.
- Integrated REST APIs with backend services.
- Implemented responsive layouts and reusable components.
- Participated in testing, debugging, and feature enhancements.

ACHIEVEMENTS

- Employee of the Month – Best Performer, recognized by Sabio Infotech for my work on the TalentFit AI project.
- Star Performer of the Year, recognized by NIT Solutions Pvt. Ltd. for outstanding performance and project contributions.

EDUCATIONAL QUALIFICATION

Bachelor of Computer Applications (BCA)

Prajnanananda Institute of Technology and Management

Maulana Abul Kalam Azad University of Technology (MAKAUT)

DGPA: 7.59

Year of Graduation: 2021

Higher Secondary (WBCHSE)

Joypur Phakirdas Institution

Percentage: 71%
